FINISHING DEPARTMENT: CEFLA

It's been two years since the installation of our Cefla finishing system here at Meridian Products. For those not familiar with Cefla, they are a leading global manufacturer of turnkey coating and finishing systems. Since bringing Cefla on board, there have been unfortunate setbacks, from programming issues and part malfunctions to challenges with proper cleaning protocol.

While most companies would consider just "taking a loss" on their investment, that is not what Meridian Products chose. We never lost sight of the promise that Cefla was a product that would remold our finishing department, for the better. Our team remained confident, and we have overcome every obstacle that was thrown our way.

MITERED 400 INTRODUCTION

We're excited to unveil a new addition to our door lineup—the **Mitered 400 Series**. This expansion of our popular **Slab 400 Series** offers the same dependable quality Meridian Products is known for, now in a more streamlined and cost-effective construction.

The Mitered 400 offers flexible framing width options and two thickness choices to fit your design preferences—our standard 1" profile or a $\frac{3}{4}$ " version, sanded down from the back to ensure consistent quality. This new series offers subtle refinement for modern and transitional spaces alike.

MITER 400 FRAMING WIDTH OPTIONS:

- A) $\frac{1}{2}$ " face & $2\frac{1}{4}$ " back
- B) $\frac{3}{4}$ " face & $2\frac{1}{2}$ " back
- C) 1" face & $2\frac{3}{4}$ " back
- D) $1\frac{1}{4}$ " & 3" back

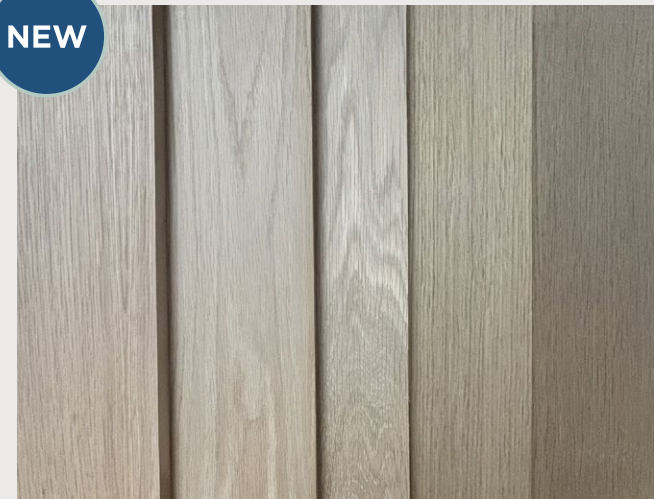

MATERIAL GRADES: KNOW YOUR OPTIONS

At Meridian Products, we understand that wood selection plays a key role in appearance and performance. We continue to refine our material offerings based on stain compatibility, grain consistency, and client feedback:

Rift Cut White Oak Natural: Ideal for medium to dark stains, this option brings out beautiful grain variation and a rich, natural feel. Available for any doors and drawer fronts.

Rift Cut White Oak - Any Grain Frame: The Rift Cut White Oak panel can be paired with plain, rift, or quarter-sliced framing for a custom aesthetic on skinny shaker doors.

DRAWER BOX UPDATES

As cabinetry trends evolve, so do the expectations for interior construction. That’s why Meridian Products is always improving our **drawer box products**, combining excellence in craftsmanship with cost-effective solutions. Whether you’re specifying dovetail construction, soft-close options, or custom sizing, you can expect long-term durability and beauty.

MERIDIAN PRODUCTS MATERIAL SPOTLIGHT:
WHAT TO KNOW

Curious about what’s trending? Here’s a look at some of our most popular materials and how they stack up in cost and usage:

Hard Maple (Standard): Our best-selling option. Durable and great for staining or painting.

Soft Maple: A best-selling option for budget-conscious maple projects.

White Birch: The most cost-effective choice for lighter material.

Cherry: A timeless classic and overall most cost-effective material.

Choosing the right wood is as important as your design. Our team will help you find the best fit for your application.

EVOLUTION SERIES 2
EXPANSION:
NEW COLORS,
NEW POSSIBILITIES

We have expanded our Evolution Series 2 with two exciting new finishes — Door Country Oak and Battle Creek Oak. These colors replicate the visual texture of Rift Cut White Oak, creating a high-end aesthetic with modern engineered performance.

Produced using laser edge banding technology, our Evolution doors offer a seamless look with a virtually invisible joint and no glue line. These new finishes are available on our E210 door option and are a great choice for achieving the look of a modern European kitchen or bath.

TEAM SPOTLIGHT

GET TO KNOW THE TEAM BEHIND
MERIDIAN PRODUCTS

Hi! My name is **Katie VanBlargan** and I am the Customer Service Team Lead and Marketing Strategist here at Meridian Products.

I’ve worked at Meridian Products since February 2021. Before joining the team, I worked in a variety of customer service positions and completed my bachelor’s degree in Kinesiology with a business emphasis. I work alongside Joe Garner to support our customers, and I also create content for our Shop Talk blog and social media platforms.

Outside of work I enjoy family time, a good book, and photography.
